

*“Loving a child is
a circular business...
The more you give,
the more you get,
the more you get,
the more you want
to give.”*

Helping Your Child Flourish

At the Immaculate Conception Pre-Kindergarten, we make learning fun in a structured, academically rich atmosphere. It is our belief that the more senses children use to learn something, the more likely they are to learn it.

Walk into our warm, colorful classroom and you might find students using macaroni to learn about patterns, or creating nine noodle necklaces to learn about the letter N. In the dress-up or block area, and in the pretend kitchen, you'll see children using creative play to learn some basic skills of daily life. Turn to the activity tables, and watch as students use scissors, paint, glue and glitter to develop small motor skills and complete the project of the day.

In the ICS Pre-K program, the focus is on the whole child. The intent is to foster children intellectually, socially, spiritually, physically and emotionally.

Program Objectives

- Write and recognize first and last name
- Differentiate upper and lower case letters
- Learn alphabet sounds
- Hold pencil properly

The program incorporates:

- Space to move and grow
- Time to socialize
- Taking turns
- Learning self-control
- Sharing and caring
- Quiet time
- Routine
- Time for self expression
- Exploration of creative space

Pre-K At-a-Glance

Age Requirement

Children must be four years old by September 1.
