Dear Immaculate Conception School Family,

As the year winds down and we all transition to summer vacation mode, I want to share my wishes for a restful, healthy summer and some good news!

Cardinal Seán O'Malley has established the Elementary Schools Task Force to conduct a comprehensive study of the sustainability of all elementary schools in the Archdiocese. Last Thursday a team from the Task Force visited IC. Our school is in the top 25% in the financial and quality metrics. This data confirms the strength of our school academically and financially.

Our recent eighth grade graduation and the rights-of-passage for Pre-K and Kindergarten were wonderful celebrations of what is best about our school; a strong, dedicated faculty and our high quality student body. I am extremely proud of our graduates and feel confident that the class of 2019 (Pre-K) is up to the challenge that our rigorous program offers.

I pray that you have the best summer ever!

*Warm regards,
Mary Reardon
Principal*
