

Bud, Not Buddy
Summer Reading Project
Create a Character Suitcase

Your task is to create a suitcase that one of the characters in the novel will take on a trip. You will make the suitcase and pack the suitcase for the character. The following items need to be included (objects may be handmade, computer generated, stickers, or small objects):

- A luggage tag that has the character's name, address, and destination written on it.
- Memorabilia to decorate the outside of the suitcase, such as bumper stickers or mementos from previous trips.
- Ten items that the character would pack. These items may be both tangible and intangible. Example of a tangible item would be a toothbrush, and an example of an intangible item would be courage.
- A brief explanation stating why the character chose to pack each item. It should be written from the character's point of view.

Materials needed for the project:

- Small cardboard box to use for the suitcase
- Construction paper
- Markers or colored pencils
- Glue sticks
- Scissors

- Fabric scraps (optional)
- Stickers (optional)
- Computer art (optional)
