

Watch for Signs

When the Academic Bowl finals in Albany were over, Mrs. Olinski, Mr. Singh, and Julian traveled along the interstate back home to Epiphany. The word “epiphany” means a sudden, striking understanding of something. Each main character in *The View from Saturday* experiences a personal “epiphany.” Mentally travel back through the book and decide what important lessons and changes each main character learned about themselves. Write a one-paragraph summary of your ideas for each main character. Conclude by summarizing how you have changed and what you will remember most from reading this Newbery Award-winning book.
