

## SUMMER READING GRADE 2

Children entering Grade 2 in the fall are required to read a total of 10 books. One of which must be David McPhail's, The Teddy Bear. A list of other suggested titles is attached. Any age appropriate books by authors included on this list are recommended as well.

Students are required to keep a journal of the 10 books they have read. A form for this purpose has been provided. Students will list the Author and Title of the books they read. Parent signature is required acknowledging that the student has read each book listed in their journal.

Students are also required to complete the attached report for the book, The Teddy Bear.

Students should bring their journal and report to school on the first day of school in 2010. Any student who completes all of the requirements of the summer reading list will receive a Reading Certificate indicating their participation.

The summer reading requirements for Grade Two are as follows:

1. Read 10 books including The Teddy Bear.
2. List each book on the journal form provided.
3. Complete the report form included for The Teddy Bear.
4. Get a parent's signature for each book you have read.
5. Bring your journal and report to school on the first day.
