

The North Pole Express Decorating Committees need your help!

Train Decorations: Boxes about the size of a boot box wrapped in Christmas paper. These will be placed as a decoration on the luggage rack of the train cars. In order to make the trains as festive as possible, a total of approximately 200 wrapped boxes will be needed (about 40 per train car).

Polar Village Decorations: Medium and large size boxes wrapped in Christmas gift paper. Ideally these should be slightly weighted in the event of a windy day. However, please do not use food as weight as these items will be disposed of after the event.

These boxes can be dropped off at the school between Monday, November 21st and Thursday, December 1st.
