

There's a lot to cheer about!!!

This year the Immaculate Conception School is partnering with The Get Movin' Crew for this year's fall fundraiser!

Funds raised will go towards our enrichments programs, school dances, field trips and other extras for our kids and teachers.

(This takes the place of our past fundraiser, Innisbrook.)

With The Get Movin' Crew, our kids will join together as a school community and literally get movin' for their health and to support the IC. It's not just a fundraiser, it's a lifestyle! Class pages have been set up for the kids and teachers to track their class totals. It will be amazing to see the powerful results of their fundraising efforts and the fun they will have together practicing a healthy lifestyle!

The fundraising fun begins as soon as you register your child on the safe and secure Get Movin' Crew website!

Here is the link for the School Fundraising page and class pages:

<https://secure.eventsonline.us/reg/getmovincrew/pub/school/652>

And here is the link to register your child:

<https://www.thegetmovincrew.com/>

On Line you can also,

- **Share your child's Student Fundraising page**
- **Raise the Donation goal** - \$70 Per Child
- **Create a Parent Login shortcut - It's just like an App!** No need to login every time, follow these easy instructions.
 - **Android User:** Login to your parent profile, click the name of your student then click the 3 stacked dots in the upper right corner, select "Add to Home Screen" that will prompt you to name the page for which (*The Get Movin' Crew* is the default name), change the name to your child's name, click "Add" and the webpage shortcut will appear on your phones home page as a grey square icon of your home screen with your child's name under it.

- **iPhone User:** Login to your parent profile, click the name of your child/student then click the upload symbol . Select “Add to Home Screen”, that will prompt you to name the page (*The Get Movin’ Crew* is the default name), change the name to your child’s name. Click “Add” and the webpage shortcut will appear on your phone’s home page.
