

Dear Future Kindergarteners and Families,

Welcome to the Immaculate Conception School! We are looking forward to school in September, but what better time to start learning than the summer!

Our summer reading book is *Backpack Explorer: On the Nature Trail: What Will You Find?* By Editors of Storey Publishing.

This interactive nature guide introduces young explorers to the exciting world outside their doorstep. From insects, to plants and birds, this book will inspire your children to investigate, discover, and create through hands-on learning.

We have also chosen two companion books to complement this field guide. *I Took a Walk*, and *On the Way to the Beach* by Henry Cole are wonderful interactive books designed to encourage children to observe the many forms of wildlife on the land and at the beach.

The Nature Journal can be used in any way your children desire! Be creative! Photographs, sketches, maps, and artistic creations (some really neat ideas are found in the book) are only a few of the ways that the journal can be used. The treasure jar is a place for your children to keep a few of the treasures that might be especially meaningful to them. A beautiful rock, a perfect pinecone, or maybe a seashell might find their way into the treasure jar. Every child will have an opportunity to share their journal and treasure jar when we start school in September. They will also be part of a special display for our Open House Night in the middle of September.

We wish you all a summer filled with relaxation, fun, and outdoor exploration!

Kindergarten Readiness

Many parents ask what their child needs to know before Kindergarten. It is really a combination of skills, behaviors and attitudes that determine each child's readiness for Kindergarten. The following list includes some of the traits that are important for a successful transition to Kindergarten.

1. Respects people and materials (Ready to follow rules, attempts to solve simple problems independently, willing to cooperate.)
2. Independently takes care of personal needs (Dresses self, uses bathroom independently, cleans up after self, uses tissues and asks for help when necessary.)

3. Recognizes own name in print. (Identifies name on mailbox and locker.)
4. Uses scissors, glue, markers, pencils and crayons appropriately. (Holds scissors comfortably, writes name legibly, draws recognizable shapes and figures.)
5. Follows simple directions (Listens and remembers what he or she is asked to do independently.)

6. Takes turns. (Shares toys and materials, able to wait to share thoughts, or receive individual help or attention.)
7. Respects personal space. (Keeps hands and legs to self when sitting in a group. Understands when and how to appropriately make physical contact with others.)

8. Uses books on a regular basis. (Enjoys stories, listens without being distracted, wants to read or be read to, is familiar with some nursery rhymes, rhyming songs and books.)

9. Recognizes some letters and numbers. (Recent research shows successful kindergartners identify at least 8 alphabet letters when they enter school.)

10. Demonstrates self control. (Able to contain emotions, try new things, interact with children and adults.)

11. Is excited to start school and is eager to learn. (Ready for independent experiences, wants to be part of a group.)
